Market Leaders:

Spotlight Sessions: Open to ALL badges

Tuesday, May 7

10:00 – 11:00am

CEO Spotlight: Catching Up with Ron Mittelstaedt

Join Waste Connections, President and CEO Ron Mittelstaedt for a candid conversation about what it's been like transitioning from executive chairman back to President and CEO; how the company continues to grow its culture hinged on a philosophy of servant leadership; how Waste Connections is addressing challenges such as safety and labor; how the company is "doubling down on human capital;" what's next for Waste Connections; and more.

2:00 – 3:15pm

Public Sector Spotlight: «Recycling is BS»– Combating Myths & Altering Perceptions– For Everyone's Sake

8 out of 10 Americans report recycling is worth the effort, yet in homes with curbside recycling collection, over half of recyclables end up in the trash. Why? Hear key research findings into what it will take—from all of us in the value chain—to incite the change necessary to accelerate recycling best practices.

Wednesday, May 8

10:30 – 11:45am

NWRA Women's Council Spotlight: Empowering Engagement: Women's Affinity Groups as Catalysts for Organizational Success

In this Spotlight Session, presented by the National Waste & Recycling Association's Women's Council, industry experts will share how affinity groups can build a sense of community and belonging for employees by connecting people in a social and professional way and encouraging interaction between employees. They'll also discuss how creating and maintaining these groups can reduce employee turnover and drive labor cost savings. Tune in to learn more about successful women's affinity groups and best practices for starting your own.

12:30 – 1:30pm

Young Professionals Spotlight: Climbing the Ladder: Insights from Young Professionals in the C-suite

Join this session and hear from our panel on: how do you navigate the pathway to the top? What skills do you need to have in your toolbelt to be a senior leader? How can you lead by example and set your team up for success? Learn from and celebrate some of the industry's young professionals who are already making an impact in the C-suite. Through storytelling and examples, they'll share how they climbed the ladder to the top, and what opportunities and roadblocks they faced along the way.

Co-located Conferences

Waste (360) Investor Summit

In partnership with

For over a decade, savvy investors and leaders from top public and private waste companies have made the Investor Summit a must-attend event. The Investor Summit is a dedicated gathering of corporate executives and institutional investors in the waste and recycling industry. Hear decisionmakers share what they see as the industry trends and their impact on capital spending and strategic moves in the marketplace. Seating is limited!*

Waste (360) Healthcare Waste Conference

Marketing Sponsor:  Stericycle®

It's time to reconnect, find solutions, and gain insights into all things healthcare waste. If you're in the business of generating or processing healthcare waste, then you need to be at the Waste360 Healthcare Waste Conference—it's THE event of the year!*

Waste (360) Sustainability Talks

Sustainability is no longer a nice to have, it's a must have. Smart brands are now partnering with our industry to improve their footprints on the environment. The subject matter content for Sustainability Talks is curated with all this in mind; how it aligns to our business, and with a holistic viewpoint and approach. Join us for real talk as the waste and recycling industry takes on plastics, packaging, and other environmental challenges – and our role in building a sustainable future.*

For details and to register, visit WasteExpo.com.

Waste (360) Food Recovery Forum

Attend the Waste360 Food Recovery Forum where we address food loss and waste across the supply chain, and provide solutions for food waste prevention, reduction, and recovery. You will learn ways to solve the social and environmental issues of wasted food as well as means to benefit from the recovery and reuse of food waste.

Waste (360) Food Recovery Forum & Organics Recycling

Join us for 3 days of educational and technical sessions on Organics Management Including Composting, Anaerobic Digestion, Organics Recycling, Renewable Energy from Organics, Infrastructure Development, Innovative Conversion Technologies, Zero Waste, Compostable Products...and more.*

For details and to register, visit WasteExpo.com. * Please note that additional registration is required for this conference.

Workshops and Tours*

NWRA Safety Symposium: Igniting Awareness About Fire Prevention & Safety Tips

Wednesday, May 8, 2024
8:30 am - 12:30 pm | Room W313

Workshop Leader: *Kirk M. Sander, Chief of Staff & Vice President, Safety and Standards, National Waste & Recycling Association*

Come learn fire prevention best practices, effective safety tips, up-to-date information on the dangers of having a fire, how to mitigate a loss and what the Occupational Safety and Health Administration's changes to the fire brigade standard (29 CFR 1910.156) mean for the waste and recycling industry.

Food Waste & Organics Diversion Program Development Workshop

Thursday, May 9, 2024
8:30 am - 12:30 pm | Room W224-225

Workshop Leader: *Gary A. Bilbro, Director of Sales, Ecosafe Zero Waste, Surrey, BC*

This workshop will be focused on helping the attendee understand the processes required to implement and achieve a successful organics diversion program, no matter the type of location generating the food waste.

Introduction to Zero Waste - Certified Training Course

Thursday, May 9, 2024
8:30 am - 12:30 pm | Room W222-223

Workshop Leaders: *Richard Anthony, Richard Anthony Associates, VP, ZWUSA and Chair, Zero Waste International Alliance, Christienne de Tournay, Zero Waste Consultant, and Laura Anthony, President, Zero Waste San Diego*

The content is designed to be easy to retain, and the extensive resources are easy to access. It is valuable to municipal staff, haulers, decision-makers, advocates, and all interested in Zero Waste. Zero Waste USA awards certificates of completion to students who pass the open book exam and submit the evaluation.

Tour: Las Vegas Livestock, LLC by the Combs Brothers

Thursday, May 9, 2024
8:30 am - 12:30 pm | Off-Site Tour

Las Vegas Livestock is the only permitted food scrap feeding facility in the state of Nevada and operated by 6th generation family members. You will see how food waste is processed and fed to livestock. LVL uses livestock to address two of society's issues: reducing waste and providing a sustainable, high quality protein.

Bus departs at 9:00am
