Tuesday, May 2

10:00 – 11:00am

CEO Spotlight Session: A Conversation with WM's Jim Fish

Drawing on more than 20 years of experience within the waste and recycling industry, WM President and CEO Jim Fish will sit down with National Waste & Recycling Association President and CEO Darrell Smith to share how he has used his leadership skills

and industry

knowledge to continue to grow and innovate WM, the largest waste management, comprehensive waste and environmental services company operating in North America. From mergers and acquisitions, to safety, to labor, to technology, to navigating the ever changing demands and needs of the industry, Fish will discuss how the company addresses the challenges and opportunities that come its way and what WM is focusing on both now and in the future.

Wednesday, May 3

10:30am – 12:00pm

Spotlight Session: Association & Foundation Leaders Roundtable—Building a Stronger Industry Through Collaboration

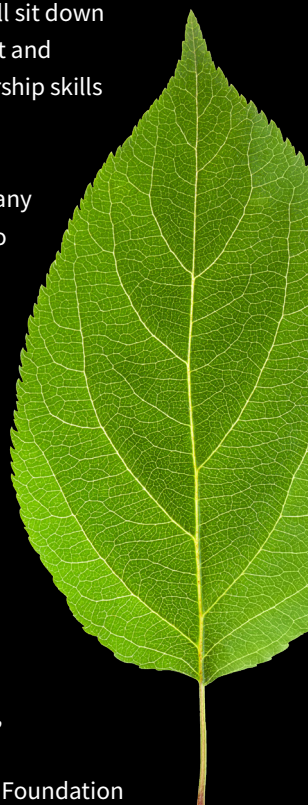

The solid waste and recycling industry is supported by key associations, including the National Waste & Recycling Association, the Solid Waste Association of North America, the Environmental Research & Education Foundation and the Construction, Demolition Recycling Association and Institute of Scrap Recycling Industries. Each organization has its own mission and efforts, but through the power of collaboration, the industry can become stronger in the areas of safety, workforce, advocacy, research and education and more. Join this engaging roundtable to learn more about these associations' roles in the industry, how your company can benefit from their work and how they are working both together and independently to support the members of the industry.

2:00 – 3:30pm

Succeeding & Proceeding: A Generational Conversation with NWRA's Women's Council Past Presidents

Celebrate the 20th anniversary of the National Waste & Recycling Association (NWRA) Women's Council by joining a fireside chat seated by Women Council past presidents. Listen in on a generational conversation about the conceptual days of the Women's Council and how it became today's premier and powerhouse industry group. Join the past presidents as they share their experiences, insights and challenges in this unbridled industry.
