WasteExpo is able to deliver a conference program that is more interactive and essential than ever

before — providing you with everything you need to do your job smarter, safer and more efficiently!

By partnering with the National Waste & Recycling Association (NWRA) and Dr. Stu Buckner,

Tuesday August 11 10:00AM - 5:00PM Wednesday August 12 10:00AM - 5:00PM Thursday August 13 10:00AM - 1:00PM

Waste360 Healthcare Waste August 11-12 8:00AM - 6:00PM Check out WasteExpo's Special Events at WasteExpo.com

In collaboration with: National
Waste & Recycling
Association

		re — providing you with everything you need to do your job smarter, safer and more efficiently! Check out WasteExpo's Special Events at WasteExpo.com (1/8/2020 – Session topics, speakers & moderators are subject to change.)						
		Technology & Innovation	Operations, Fleet & Safety	Organics Management	Food Recovery Forum Sponsored by Sponsored by Sponsored by Sponsored by Sponsored by Sponsored Box	Recycling & Landfill	Business Insights & Policy	
Monday, August 10	9:00-10:15AM	Sky-high Recycling: From Ground Level to 30,000 Feet	Independent Haulers & The Role of Technology	Keynote Session: Progress on Food Waste Prevention, Reduction, & Recovery	Keynote Session: Progress on Food Waste Prevention, Reduction, & Recovery	C&D: Tearing It Down & Building It Up	Establishing Your Employer Brand: When Advertising Isn't Enough	Waste360/Stifel Investor Summit 7:30AM – 5:45PM (Separate registration required)
	10:30-11:45AM	Cart Technologies: From Critter Proofing to RFID	A Balancing Act: Municipalities Talk Recycling Issues			What's New with Mixed Waste?	Rising Leaders Talk Trash	
	10:30AM -12:00PM			Anaerobic Digestion: Technologies, Feed- stocks, Successful Case Studies	Advances in Wasted Food Policy and Prac- tices; Using Measurement Tools to Reduce Food Waste and Drive Prevention			
	12:15-1:30PM	Safety Solutions: Turning to Tech	People's Choice Session: Legislative Updates by Region			How Many Zeros in Zero Waste: Benefits & Tradeoffs	2020 Election: Updates & Expectations	
	12:45-2:15PM			Composting Technologies, Case Studies, BMP ⁷ s, Public-Private Partnerships	Standardized Date Labels, Information Cam- paigns and Consumer Food Waste: Research and Response			
	1:45-3:00PM	Recycling at a Crossroads: How Technology Is Shaping the Modern MRF	NothingWasted! Unique Beginnings			Case Studies for Successful Recycling Programs	How? When? To Whom?—The Ins & Outs of Selling Your Business	
	2:30-3:45PM			Anaerobic Digestion: Technology Evaluation, Renewable Energy from Organics, Biofuels	Designing Solutions to Ensure Food Security - ReFED's Nonprofit Food Recovery Accelerator			
	3:15-4:30PM	Open Market vs. Franchising: A Conversation with Municipalities	Re-thinking Your Safety Program			PFAS Super Session: What is PFAS and How Do We Treat It? Part I - Laying the Foundation (3:15-4:15PM)	Commodities Super Session: Updates and Trends Part I – Paper, Aluminum & Glass (3:15-4:15PM)	
	4:00-5:30PM			Organics Diversion and Collection	Food Waste BMP's, Technology App's, Zero Waste, and Innovative Recovery Solutions			
	4:30-5:30PM					PFAS Super Session: What is PFAS and How Do We Treat It? Part II - Treatment Options	Commodities Super Session:Updates and Trends Part II – Plastics	
		Technology & Innovation	Operations, Fleet & Safety	Organics Management	Food Recovery Forum Sponsored by Sponsored by FOOD RESCUE US	Recycling & Landfill	Business Insights & Policy	
	9:00-10:15AM			Evaluation of Organics Management Options; Composting Odor Control;	The Effects of Organics Diversion Policies on Food Donation	Joining Forces: Tackling the Current Recycling System Across Industries		
				Equipment Maintenance	Podu Dollation	neeyemig system neross maastries		
	10:15-11:00AM _{PUBLI}	SPOTLIGHT SESSION: CEO Interview:	One-on-one Chat with Worthing Jackman, I	Equipment Maintenance	FOOD DOTAGOT	nee yearing of accounted and accounted		Waste360
